Welcor	ne to Acc	ord				

This is based on design 1, however we've added a 'Get involved' menu header which includes information on events, training, webinars and how to become a rep. We've removed the separate 'Events & training' menu.

This is based on design 2 but with less menu headers - more options have been placed under 'Get support'. The resources are split into 3 options; search all resources, member resources and rep resources.

This design is the same as number 3, however the resources are grouped as 'Resource centre' rather than being split out.
