Tax advisory helpline for Accord members and their families

Accord members and their families can benefit from free professional advice through the Accord Tax Matters helpline.

Provided by WMT Chartered Accountants, their skilled helpline specialists will give you jargon-free answers to your tax questions. Their advice will make options and allowances clear so you can make decisions and take actions that are right for you, in your particular circumstances.

Getting the right advice at the right time can save you money, help you plan and ensure you avoid difficulties with HM Revenue and Customs down the line. We encourage you to make the most of this free service.

What does the helpline provide?

The helpline operates from Monday to Friday between 9:30am and 4:30pm. Outside of those hours, an answer phone facility enables you to leave a message to request a call back.

Alternatively, you can email the helpline, giving a brief outline of your query and a telephone number that we can call you on.
